

MOTIVATED BY MISSION

Our Capabilities:

- System Engineering
- Test Engineering
- Software Engineering
- Cyber Security
- Data Science & AI
- Cloud Computing
- Data Center Management
- Enterprise IT
- C5ISR

Small Business Under All NAICS Codes:

- 541330 Engineering Services
- 541511 Custom Computer Programming Services
- 541512 Computer Systems Design Services
- 541513 Computer Facilities Management Services
- 541519 Other Computer Related Services
- 541611 Administrative Management and General Management Consulting Services
- 541690 Other Scientific and Technical Consulting Services
- 541990 All Other Professional, Scientific and Technical Services
- 518210 Data Processing, Hosting, and Related Services

Cage Code: 89BJ7

UEI: EBF9BNJJNVL4

**Address: 4835 University Square,
Suite 11 Huntsville, AL 35816**

Facility Clearance: Top Secret

Momentum was founded in 2018, as a small business dedicated to cultivating a people-centric workplace focused on Talent Acquisition across multiple DoD sectors. As our expertise deepened, we metamorphosed into a rapidly growing team delivering innovative technology, engineering, and intelligence solutions across the DoD sector. The efforts of our high-capacity team ultimately strengthen our Nation and the warfighter.

Proudly Serving

**US Army Corps
of Engineers®**

OUR CORE CAPABILITIES

System Engineering

- Requirements Definition & Validation
- Systems Architecture & Design
- Requirements Verification and Validation
- Service Oriented Architecture
- Department of Defense Architecture Framework (DODAF)
- Risk Assessment
- Enterprise-wide Architecture Design
- System Development Lifecycle (SDLC)

Test Engineering

- Test Requirements
- Data Link Test Tools
- Gateway Systems
- Internal and External Portals
- Alpha, Beta, and Live Platform Testing
- Test Support
- Data Collection and Analysis

Software Engineering

- Software Requirements Definition and Analysis
- Software Architecture Design
- Software Application Development
- Software Maintenance and Sustainment
- Software Integration and Test
- Software Source Code Documentation
- Data Warehousing and Enterprise Management
- Web and Portal Development
- Integration of Software Packages

Cyber Security

- Risk Management Framework (RMF)
- Network Security Assessments
- Intrusion Detection and Penetration Testing
- Network Vulnerability Scanning
- Computer Network Attack
- Computer Network Defense
- Wireless Network Security Implementation
- Cyber Security Policies and Procedures
- Threat Hunting
- DevSecOps

Data Science & AI

- Network discovery and classification
- Entity Detection
- ID and Profile threat actors
- Multi-Source Analysis
- Sentiment Analysis
- Utilize machine learning and AI to speed up workflow decisions
- Elevate users' interactions into the decision space
- Data Fusion for Full picture scope
- Relationship discovery facilitates decision making

Cloud Computing

- Infrastructure as a Service (IAAS)
- Platform as a Service (PAAS)
- Software as a Service (SAAS)
- IT as a Service (ITAAS)
- Public, on-premises, and hybrid solutions
- Incident Response (IR), Disaster Recovery (DR), Business Continuity (COOP)
- Multi Cloud Flexibility
- Cloud Operations and Sustainment
- Cloud Service and Operations

Data Center Management

- Secure, Encrypted Direct Connections
- FISMA, NIST 800-53 compliant
- Incident Response (IR), Disaster Recovery (DR), Business Continuity (COOP)
- Network and Infrastructure
- System Engineering and Platform Integration
- System and Database administration

Enterprise IT

- Network/communications engineering and design
- Systems Engineering and integration
- Technology transition/expansion
- Technology System and platform integration
- Analytics and decision support
- Information and process integration
- System and database administration
- Data Storage and analytics
- Intelligence analysis and analytics
- Enterprise information technology cloud services
- Help desk and user support services

C5ISR

- Joint HUMINT Analyst and Targeting Course (JCHATC)
- Joint CI HUMINT Management Course (JCHMC).
- Activity Based Intelligence (ABI) analysis
- CI/HUMINT Lead Development
- CI/HUMINT Source Validation (Asset Risk Management)
